Editor report

Dr. Ben Voth  
SMU

We successfully made the transition this past year from Dr. Beth Innocenti of the University of Kansas in December of 2022.

Thanks for her excellent work as editor for three years.

I continue our collaboration with Taylor and Francis to produce four journal editions each year with approximately four articles per journal. We have an unlimited digital offering.

We faced important challenges this year in two areas:

1. Respondent willingness to review.
2. Full functionality with the T& F portal. Changes have been made and continue to be made

Forth coming journal editions for 2023

4 articles to the first combined issue 59\_01-02
